RAVE RMC

Settings

1. Press the **Settings** button to enable the communication to the RMC connected to your network. Ensure both devices are connected to the same network. Press the **Auto** button to find your RMC device on your network. Select your device and model from the menu.

2. Press OK to search for the RMC device on your network. Once the device is found the APP will close and relaunch.

3. Press **Manually enter** to input the MRC static IP address. Enter the IP address in the drop down menu, press OK to continue.
